BREAKING NEWS
ALL-STAR SHIP, MISSING

THIS JUST IN! A SHIP CARRYING TEN INTERNATIONAL FOOTBALL STARS AND THEIR FANS HAS BEEN REPORTED MISSING AT SEA!

THE PLAYERS WERE SCHEDULED TO PLAY A CHARITY ALL-STAR GAME IN SUPPORT OF THE UNITED NATIONS TOMORROW. THE EVENT WAS SUPPOSED TO BE CARBON-FREE, SO THE PLAYERS WERE TRAVELLING BY BOAT, TOGETHER WITH THE WINNERS OF A "MEET THE TEAM" CONTEST.

NO ONE EXPECTED THE POWERFUL STORM THAT HIT THE SHIP ALONG THE WAY.

THE SEARCH CONTINUES FOR THE ATHLETES, THEIR FANS, AND THE SHIP'S CREW. STAY TUNED...
At the same time, on the shore of a remote island...

Shipwrecked on an island! This is unreal.

What a way to come out of retirement...

What survived the storm? Do we have enough supplies back there?

We'll live 14 days without food... but without water, we won't last 3 days. We need water first.

If bad weather hits, we'll need shelter more than anything.

Luis Figo: Attacking midfielder/ winger

Roberto Baggio: Second striker/ winger

Ronaldo: Striker

Patrick Vieira: Midfielder

Michael Ballack: Midfielder
Eeveryone get to shore! Secure the supplies! If anyone's injured, let me know. For now, until we find the captain, I'm taking charge!

Yeah Michael, you are right - shelter, food and water, basic human needs...

I can't get off the boat by myself.

Don't wander off you two.

Don't worry Judy, I'll assist you.

Great, a woman in charge...

Raúl, striker/winger.

Give her a chance, Edwin! She's next in command, after the captain.

Emmanuel Adebayor, striker

Didier Drogba, striker

Zinedine Zidane, attacking midfielder
Team meeting, everyone!

Iker Casillas Goalkeeper

Look, we may not know much about survival, but we know about teamwork. We'll really need to work together with Victoria and the remaining crew if we're going to help all of the passengers.
LET’S GET ORGANIZED. FIRST... DOES ANYONE NEED MEDICAL ATTENTION? DO WE HAVE A DOCTOR PRESENT?

I’M A NURSE.

I CAN LOOK AFTER WHOEVER’S BEEN INJURED. SO FAR, I THINK WE’RE OK. THE ONLY ONE WHO CONCERNS ME IS JUDY. SHE’S CLOSE TO TERM IN HER PREGNANCY...

THANKS, MARY.

SO WHAT DO WE DEAL WITH FIRST? FOOD? WATER? OR SHELTER?

MAYBE WE SHOULD CHANGE CAPTAINS...

WHY DON’T WE AGREE ON EVERYTHING THAT NEEDS TO BE DONE AND THEN SPLIT INTO TEAMS?

GOOD IDEA. I’LL ORGANIZE OUR SALVAGE EFFORTS AND BASE CAMP HERE. EVERYONE GET A HOLO OF WATCHES THAT STILL WORK. WE’LL MEET UP HERE AGAIN AROUND NOON.

LET’S DO IT!
This is a heck of a workout!

You get! We may be stuck here for a while and need to stay fit for our game.

This knot won't hold the pole steady!

Hey, I remember this other knot from when I was a boy scout... how does it go again?

She's your captain, Edwin. Listen to her and show her some respect.

What!? Are you making it up lady?

Pay close attention, sailor.

Oh... Er... that's really neat...

Ready, 1, 2,... --3!

Broom!
JUST IN TIME!
I AM SORRY FOR WHAT I SAID EARLIER VICTORIA...

FORGET ABOUT IT. CAN I TRUST MY ADVICE FROM HERE ON OUT?

AYE-AYE, CAPTAIN!
The next morning...

COME ON GUYS! THIS IS NOTHING. I WALK ALL MORNING EVERY DAY TO COLLECT CLEAN WATER.

THAT ISN’T RIGHT, AALYAH. AT LEAST I HOPE YOU CAN STILL GO TO SCHOOL AND LEARN.

YES, MOST OF THE TIME I CAN, BUT I DON’T HAVE MUCH TIME FOR MY HOMEWORK AND FOR PLAYING WITH MY FRIENDS...

HEY GUYS! LOOK WHAT I FOUND! WATER!

CARLOS, NOOOO! IT’S NOT SAFE TO DRINK!

JAMES IS RIGHT. WE NEED TO FILTER IT FIRST TO GET ALL THE BIG BITS OUT AND THEN BOIL IT.

AND WITH SUCH STAGNANT WATER, THERE COULD BE LOTS OF...

BEZZZZ!
MOSQUITOOOOES!

Oh no! I’ve been bitten! I’m gonna get malaria!

Don’t worry yet. Not every mosquito carries malaria.

Mary will examine you and give you medicine if needed. Malaria can be cured.

It can also be prevented by avoiding bites. So as of tonight, we’ll all sleep under mosquito nets and use repellent.

Hey, what about this one? That looks better, Mark! It’s coming from that rock!

It’s moving water so the chances of stagnation are less.

But for now, let’s find some clean water!

It’s the best source we can hope for under these conditions! But let’s still filter and boil it before we drink it.
Back at the beach...

We need to figure out how to provide food for everyone.

Alright, let's get some fish from out there.

Oh? She'll show us the best spots on the island to fish, eh?

No, you're going to get us plenty of fish, Mr. "I know everything".

Choose your crew and go get 'em.

Why...ok captain...

Come on, Sally, what do you know about fishing?

I only fish at the grocery store...
One hour later...

Hey, that's your fifth! You are a champ!

Anna, how many fish do we have so far?

Hmm... We have... Hmm... One... Two... Hmm...

What's wrong, Anna? Are you not feeling well?

I'm fine, it's just that... Well... I'm not really good at counting... I had to quit school to help my family on the farm.

Don't worry! We'll teach you!

I could do this all day! Oh, this one looks like a baby, I'm throwing it back.

That's right! We need to preserve our environment as we might be here for a while...
Elsewhere on the island...

HEY! I’M HUNGRY! VICTORIA SAYS THIS FRUIT IS FOR EVERYONE!

GIVE THAT BACK!

I FOUND ALL THIS FRUIT AND NOW HE WANTS SOME! HE BROUGHT BACK NOTHING FROM HIS SEARCH! LOOK AT HIM! HE’S LAZY AND YOU CAN SEE IT!

HEY, WHAT IS GOING ON HERE?

NO, I DON’T, KIDS, WE DON’T DECIDE WHO GETS WHAT BASED ON HOW MUCH THEY HAVE, OR WHAT THEY LOOK LIKE, NEVER ASSUME THE WORST OF THE OTHER PERSON.

I WORKED JUST AS HARD AS YOU! THE AREA I SEARCHED DID NOT HAVE ANY KIDS LIKE YOU ARE SELFISH!

WOWOWO! HOLD ON A SECOND, BEN, WHAT DO YOU MEAN “YOU CAN SEE IT”?

YOU KNOW EXACTLY WHAT I MEAN...

RAUL’S RIGHT, IT DOESN’T MATTER WHERE YOU COME FROM OR WHAT COLOUR YOUR SKIN IS, WE’RE ALL IN THIS TOGETHER. YOU’LL FIND THAT’S AS TRUE BACK HOME AS IT IS HERE ON THIS ISLAND!
WHEN!

TAKE IT EASY. WE DON'T WANT ANYTHING TO HAPPEN TO YOU OR YOUR BABY.

THANKS, BUT I DON'T WANT TO BE LEFT OUT OF THE RESCUE EFFORT.

I'LL MAKE SURE THAT DOESN'T HAPPEN. YOUR HEALTH IS A TOP PRIORITY FOR THE WHOLE GROUP.

DON'T WORRY. THERE'S PLenty TO DO WITHOUT WEARING YOURSELF OUT. ANYTHING YOU NEED, JUST CALL ON ME.

YOU ARE BEING VERY HELPFUL. EVERYONE CONTRIBUTES ACCORDING TO HIS OR HER ABILITIES.

I JUST WANT TO GET OFF THIS ISLAND AS SOON AS POSSIBLE...

THANKS, AS LONG AS I CAN STILL HELP.
Any luck finding the radio?

Not yet. But if I can clear enough of this debris, it should turn up soon.

Hey, how come no one’s helping you? The radio is our best hope for rescue!

Some of the people here don’t feel comfortable working with me.

The thing is... they found out I’m HIV positive. I mentioned it when we came ashore. I just wanted to be honest, but I think people are avoiding me now.

That’s crazy! There is nothing to fear...

I want to help, but I don’t want to catch AIDS from Peter! What if he bumps into me?

Sally, you can’t get HIV through normal contact with people.
YOU CAN WORK ALONGSIDE PETER. SHAKE HIS HAND, SHARE A MEAL WITH HIM, HUG HIM... ALL OF THE THINGS YOU DO WITH YOUR FRIENDS EVERYDAY!

PETER, I'M SORRY. I DIDN'T KNOW. HOW CAN I POSSIBLY APOLOGIZE?

WELL, WHAT ABOUT HELPING ME FIND THE RADIO EQUIPMENT HUH?

SURE!

COUNT US IN, TOO!

YOU'RE THE BOSS!

EMMANUEL AND MICHAEL, START CLEARING THE DEBRIS FROM STARBOARD! SALLY, YOU HANDLE PORT!

AND DON'T STRAIN YOURSELVES. I'LL NEED ALL OF YOU TO HELP WITH REPAIRS WHEN WE FIND THE RADIO.

PETER...

YES?

I'M SORRY...

NO WORRIES, IT'S ONLY BECAUSE YOU DIDN'T KNOW ENOUGH ABOUT HIV AND AIDS. NOW, WE CAN WORK TOGETHER TO GET OUT OF THIS!
That night...

YOU CAN ALL BE PROUD OF YOURSELVES! WE STARTED WITH NEXT TO NOTHING, AND NOW WE'VE GOT FOOD, WATER, FIRE, AND SHELTER. LOOK AT ALL YOU CAN DO WHEN YOU GET OUTDOORS AND WORK TOGETHER AS A TEAM!

WE'VE GOT THE RADIO WORKING WITH A LONG-RANGE ANTENNA. HOPEFULLY SOMEONE WILL PICK UP OUR RESCUE SIGNAL SOON...
Ten days later...

Hey, Mark. What’s wrong? How are you feeling?

Not so great. I’m ‘cough’ completely out of breath, and I ‘cough’ feel terrible.

Have you been coughing up blood?

Just a little bit. I ‘cough’ didn’t want to worry anyone.

Out of breath, sweating, coughing blood... I’m not a doctor, but it looks like you’ve got tuberculosis.

Let’s take you to the nurse for a test!

Am I going to die?

No, tuberculosis can be treated and the nurse will give you medication.

We’ll take some precautions though: tuberculosis spreads very quickly through the air and we’ll need to make sure others don’t catch it!

You’re lucky, we’ll get you treated. Unfortunately millions of people die from tuberculosis every year because they don’t have access to doctors or hospitals.

Thanks, Luis.

No worries, with Victoria taking the lead, I’m sure we’ll all pull through this adventure just fine.
WOW! WE’RE STAYING FIT WITH ALL THIS ACTIVITY!

SURVIVING ON THIS ISLAND IS HARD WORK!

I KNOW. I NEVER REALIZED HOW EASY WE HAVE IT.

IT MAKES YOU THINK ABOUT HOW HARD LIFE MUST BE FOR MILLIONS OF PEOPLE AROUND THE WORLD.

SURE! THERE ARE PEOPLE WHO NEVER HAVE ENOUGH FOOD, OR EVERYTHING ELSE WE’VE GOT.

WELL, IF WE MAKE IT AND LEAVE THIS ISLAND, I’M GOING TO DO MORE TO HELP THOSE PEOPLE.

TOTALLY! I BET WE HAVE FANS WHO WOULD LISTEN!

ARE YOU GUYS GOING TO TALK ALL NIGHT, OR ARE YOU READY TO PLAY? IT’S ABOUT TIME, WE’VE BEEN WAITING FOR TEN DAYS TO PLAY THIS GAME.

COUNT ME IN!
AND REMEMBER: LET'S PLAY FAIR AND HAVE GOOD TEAM SPIRIT!

PAF!

THP!

THP!
WHAM!

thp!

PAF!

WAHHHH!
SORRY, EVERYONE. LOOKS LIKE WE'LL HAVE TO END THE GAME EARLY...

I THINK I SAW ANOTHER BALL IN OUR SUPPLIES...

CAN'T WE JUST MAKE ANOTHER BALL?

USE A COCONUT! IN MY TOWN, WE DON'T ALWAYS HAVE A REAL FOOTBALL, SO WE HAVE TO BE VERY RESOURCEFUL!

LET'S DEAL WITH THAT TOMORROW. IN THE MEANTIME, I BET WE ALL NEED A GOOD NIGHT'S--

DID SOMEONE LOSE A BALL?
WE FOLLOWED A DISTRESS SIGNAL OUT HERE AND FOUND THIS.

IT IS SO GOOD TO SEE YOU ALL AGAIN! YOU'RE LUCKY WE FINALLY FOUND YOU, BUT IT LOOKS LIKE YOU'VE BEEN GETTING ALONG JUST FINE.

ALRIGHT!

WE'RE SAVED!

ABOUT TIME!

IMPRESSIVE WORK. HOW DID YOU DO IT?

IT WASN'T ME. IT WAS ALL OF US... WORKING TOGETHER!
Well, this definitely wasn’t the all-star game I expected to play.

No kidding!

But you know something?

I think it might have been the most important game we’ve ever played.

The End
**TRUE OR FALSE**

**INSTRUCTIONS:** Answer True or False to the statements below and correct all the false ones.

**FIND THE SOLUTIONS ON PAGE 29.**

1. **(Ballack)**
   - It is safe to share a drink with someone who has HIV.
   - **TRUE**

2. **(Adebowo)**
   - HIV can be transmitted via kissing or touching someone.
   - **FALSE**

3. **(Baggio)**
   - We can easily live without food for 10 days.
   - **FALSE**

4. **(Drogba)**
   - Malaria can be prevented through using bed nets.
   - **TRUE**

5. **(Vieira)**
   - Edwin throws back the small fish because it is not good to eat.
   - **TRUE**

6. **(Casillas)**
   - Walking every day can help increase your life span.
   - **TRUE**

7. **(Figo)**
   - A fever that doesn’t go away could mean you have tuberculosis.
   - **TRUE**

8. **(Zidane)**
   - There are still approximately 70 million children around the world who don’t go to primary school.
   - **TRUE**

9. **(Raul)**
   - There are lots of hungry people in the world because there is not enough food produced on the planet for everyone.
   - **FALSE**

10. **(Ronaldo)**
    - The group would have survived if they would not have listened to Victoria and not worked as a team.
    - **FALSE**
Matching Pairs

Instructions: Read about the 8 Millennium Development Goals and link them to the corresponding scenes of the story you just read. An MDG might have more than one answer or none. Find the solutions on page 29.

In 2000, the United Nations and country leaders decided to meet and talk about the biggest problems of the world. They came up with 8 Millennium Goals which are 8 ways to make the world a better place by 2015. If the goals are achieved in all the countries of the world, it will improve the quality of life of millions of people.

1. ERADICATE EXTREME POVERTY AND HUNGER
   No more empty stomachs

   A. Figo:
   “We’ll get you treated. Unfortunately millions of people die from Tuberculosis every year because they don’t have access to doctors or hospitals”.

2. ACHIEVE UNIVERSAL PRIMARY EDUCATION
   Every child is able to learn how to read and write

   B. Zidane:
   “We need to figure out how to provide food for everyone”.

3. PROMOTE GENDER EQUALITY AND EMPOWER WOMEN
   Let girls and boys, men and women, be equal

   C. Victoria:
   “Take it easy, we don’t want anything to happen to you or your baby.”

   Judy: Thanks, but I don’t want to be left out of the rescue effort.

   Casillas: I’ll make sure that doesn’t happen. Your health is a top priority for the whole group.”
H. Edwin: “I could do this all day! Oh, this one looks like a baby. I’m throwing it back.”

Zidane: That’s right! We need to preserve our environment as we might be here for a while…”

D. Adebayor: “Sally, you can’t get HIV through normal contact with people.”

Ballack: You can work alongside Peter, shake his hand, share a meal with him, hug him — all of the things you do with your friends everyday!”

E. Victoria: “Use a tautline knot on it.”

Edwin: A what? Are you making it up lady?

Ronaldo: She’s your captain, Edwin. Listen to her and show her some respect.”

G. Anna: “I’m fine. It’s just that… well… I’m not really good at counting… I had to quit school to help my family on the farm”.

F. Victoria: “You can all be proud of yourselves! We started with next to nothing, and now we’ve got food, water, fire, and shelter. Look at all you can do when you get outdoors and work together as a team!”

REDUCE CHILD MORTALITY
When any child gets sick, they get to have medicine to make them better

IMPROVE MATERNAL HEALTH
Make pregnant mothers healthy and happy mothers

COMBAT HIV/AIDS, MALARIA AND OTHER DISEASES
Prevent people from getting sick and take better care of people who are sick

ENSURE ENVIRONMENTAL SUSTAINABILITY
Take better care of our little piece of the earth

GLOBAL PARTNERSHIP FOR DEVELOPMENT
“Thumbs up” to the whole world working together for good
Eradicating poverty by 2015 will not happen unless we all take action now. We need your help and voice to achieve the Millennium Development Goals (MDGs).

A lot of people still do not even know what the MDGs are so help spread the word and get your friends involved!

Here are some examples of how you can raise awareness in your own community and make change happen.

**Ten Ideas for Action:**

1. Create your own brochure, flyer, information sheet around the MDGs to put up in your classroom.
2. Choose an MDG that you feel strongly about and create your own project, set up a campaign, teach your peers or organize a fundraiser.
3. Make sure that your school recycles glass, paper and plastic. Set up three different colored bins if you do not have them already.
4. Help clean up your neighborhood. Organize a day every term where you collect garbage around your school.
5. If you can, walk or cycle to school. It is good for your health and helps save the environment.
6. Eat the right things. That means plenty of fruits and vegetables and fewer fatty, sweet and salty foods. Drink lots of water.
7. If you are good in a subject at school, why not help one of your friends who is finding it difficult.
8. If you can, donate second-hand clothes, sports equipment, books and magazines to charity.
9. Cough or sneeze into a tissue and then throw it away. Cover your cough or sneeze if you do not have a tissue. Then, wash your hands well with soap, and do so every time you cough or sneeze.
10. Make friends with someone, who you normally wouldn’t think to befriend. You never know what she or he can teach you!
Answers to "True or False" Game (p. 26-27):

1. True. You do NOT get HIV by sharing the same glass with someone.

2. False. HIV can only be transmitted via blood, unprotected sex, sharing of contaminated needles or syringes and, during pregnancy from infected mother to child.

3. False. You could live, but certainly not easily. In the world, millions of people survive on a very limited diet. Because of this, they don't get the vitamins and minerals they need to be healthy. This has serious consequences. It kills over 6 million children every year.

4. False. You could live, but certainly not easily. In the world, millions of people survive on a very limited diet. Because of this, they don't get the vitamins and minerals they need to be healthy. This has serious consequences. It kills over 6 million children every year.

5. False. By choosing healthier and more nutritious food as well as regular physical activity, you can improve your health and increase your lifespan. If you are not physically active, it is not too late! You can find a physical activity that is FUn and reduce sedentary habits such as watching TV.

6. True. By choosing healthier and more nutritious food as well as regular physical activity, you can improve your health and increase your lifespan. If you are not physically active, it is not too late! You can find a physical activity that is FUn and reduce sedentary habits such as watching TV.

7. True. Especially if you are sweating at night.

8. True. The total number of children out of school is decreasing — from more than 100 million ten years ago to 69 million in 2008. Almost half of these children (31 million) are in sub-Saharan Africa, and more than a quarter (18 million) are in Southern Asia.

9. True. The cost of food is high enough. Boosting food production by applying more chemicals, clearing more land, using more water and reducing biodiversity has a huge impact on the environment. Therefore, it needs to be done in ways that are environmentally friendly.

10. False. The world produces enough food to feed everyone but the problem is that it is not distributed evenly. More than 1 billion people live on less than 1 dollar a day, and can't afford the cost of food. Millions of people die of hunger.

Answers to "Matching Pairs" Game (p. 26-27):

1-B; 2-C; 3-F; 4-None; 5-C; 6-A and D; 7-H; 8-E.
TOGETHER
WE CAN MAKE IT HAPPEN!

www.un.org/sport
